## B2B Booking Platform for Destination Management Companies

ETOS **DMC24** B2B is an online travel service and package booking platform that enables DMC's to extend its services to B2B partner agents by allowing real-time bookings. Our B2B platform is built on cutting edge technology and highly user friendly, thus making it ideal for DMC tour operators that work with hundreds of partner tour operators across the world.

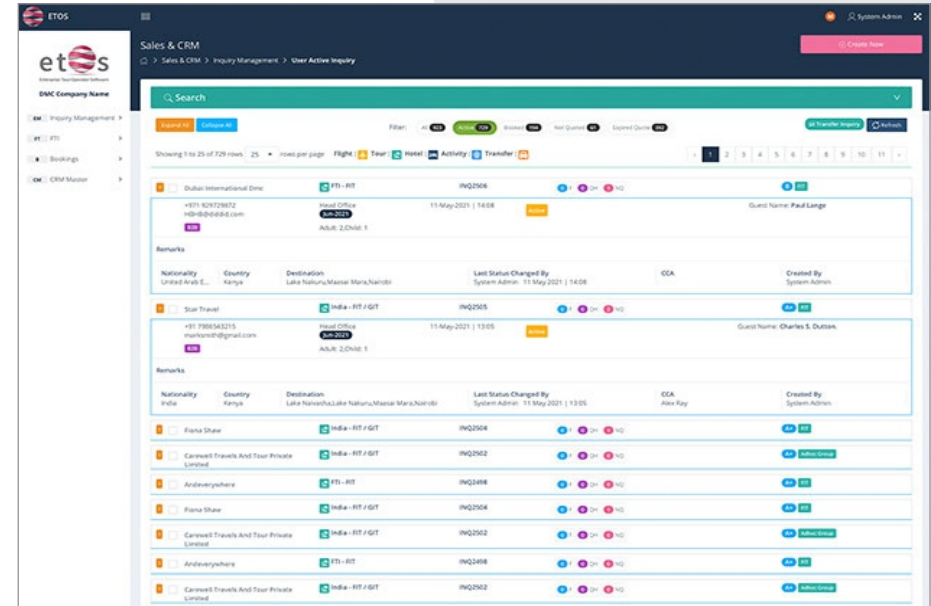

B2B partner agents can make real time reservations for hotels, transfers, sightseeing, packages, and flights for DMC's own destinations and extend the same to worldwide destinations.

ETOS **DMC24** B2B integrates with third party inventory suppliers from bed banks, transfers, activities and sightseeing and has the capabilities for using DMC's own inventory and products. The solution also has a capability to integrate with GDS, LCC and 3rd party flight consolidators.
